golf

Since 1999, Paint The Town has provided high quality gift and home décor products to customers across the USA. While our main customer base has historically been in the coastal and mountainous vacation regions of the United States, we came to the realization that we have missed a large group who we spend much of our weekends with - GOLFERS.

We are pleased to announce Paint The Town Golf, an array of products for pro shops, club houses and tournament gifts. All of our products are made to order at our manufacturing facility in the finger lakes region of Upstate New York. We use only the highest end materials, ranging from locally grown pine to slate harvested in Vermont, making for high end products that are made to last.

We have the ability to make custom designs, just for you. If you have a specific idea or logo that you would like on your products, please don't hesitate to reach out and we will make your vision come to life.
